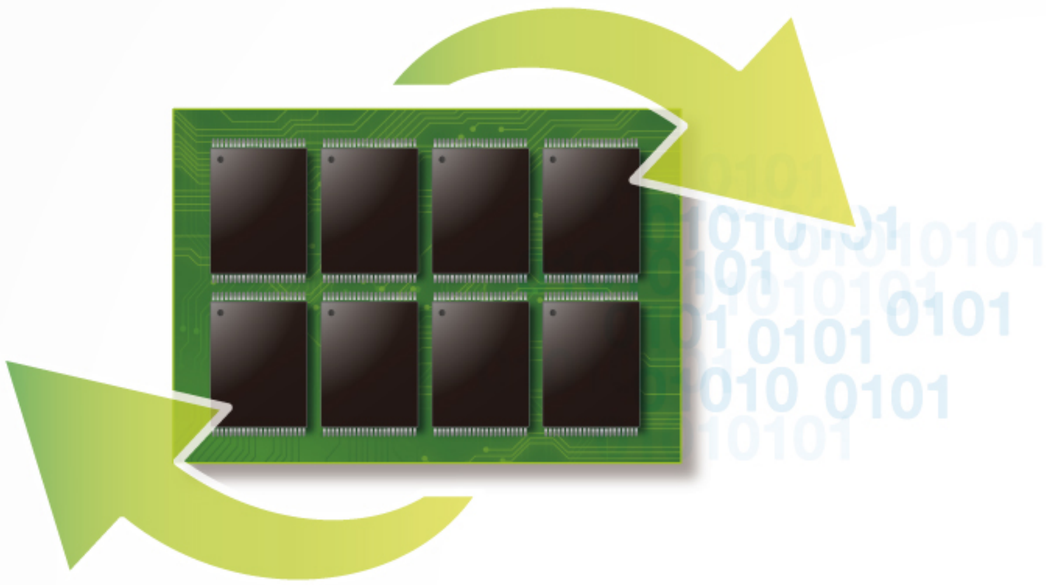
Re-Write Your SSD Experience

With the powerful combination of new built-in Toggle/ Synchronous flash, advanced controller and firmware, Velox V70 offers a better performance boost and a more durable and stabile environment. Velox V70 can greatly change your SSD experience and is ideal for professional users for video & audio editing, gaming and multiple tasking.



Higher Reliability and Longer Life-Span

Apart from the accelerated transferring rate, Velox V70 is also a more durable and reliable storage device. It is able to endure more write cycles and significantly expands the life-span of your SSD.

Metallic golden look

SP Velox V70 metallic golden look symbolizes its superior and supremacy among other SSDs. Coated in metallic gold, its stylish brushed aluminum cover and remarkable performance makes Velox V70 the top choice for all tech savvy and professional users.

Features

- SATA III 6Gbps backwards compatible with SATA II 3Gbps
- Super-high transfer rate : 557MB/s max. Read speed
  507MB/s max. Write speed
- Random 4K write speed up to 86000 IOPS
- Toggle/ Synchronous flash built-in
- Supports TRIM command and Garbage Collection technology
- NCQ and RAID ready
- Equipped with DureWriteTM and wear leveling, to extend endurance
- Implemented with ECC technology to guarantee data transmission reliability
- Built-in with SMART monitoring system
- Low power consumption
- Shock & Vibration-proof
- Noiseless operation, no latency delay and no seek error
- 3 year warranty

Specifications

- Capacity : 60GB / 120GB / 240GB / 480GB
- Dimensions : 100mm x 69.85mm x 9.4mm
- Weight : 64g - 77g
- Complimentary 3.5" Adapter Bracket
- Vibration Resistance Test : 20G
- Shock Resistance Test : 1500G Max

*Transfer rates may vary, depending on system platform.
